Curt LeRossignol & Lexie hike up
from the gate @ Eldo. Beauty hike -
Trees are filling in the pipeline, compared
to the 80s-90s. Tuned the guitar ☺
Shorter days, better head down.

Sept 13 2014 5pm

Ben Ridge + dingo Bella stopped by while day hiking
We went looking for Sphinx Head Rock which I saw
in an old railroad photo, pre-Moffat tunnel.

Looks like when they collapsed the tunnel it came
tumbling down as well. Spot doesn't look at all the
same. Oh well. Secondary objective was finding this
hut. Hope to be back for an Eldora-Fraser XX trek
this winter! I'll bring a better log book! What happened
to 2012-now? Hopefully I remember.

Jeff Delaney, stopped by on
Boylston, CO

1717 ride to Winter Park via Jenny Creek
Going 17, Gasline, Rollins Pass Rd.

Amazing bluebird fall day, can't wait
to come ski & stay some more... soon?
☺

This humble hut is such a gem.
My 6th time in two years. Ran
from Eldora gate to Gunn Mt.,
Summit in 1:20 via pipeline trail.

Thanks to CMC volunteers for all their
hard work! Long live Arestira!
